effectively resisted by various social groups and institutions, the typical state of the period, best exemplified by the rule of Louis XIV in France, asserted claims to absolute authority within its borders. A few states, most notably England and the Dutch Republic, gradually developed governments in which the authority of the executive was restricted by legislative bodies prot

destruction of World War II made the idea a reality. After the war, regions colonized and dominated by European nations moved from resistance to independence at differing rates and with differing consequences. Yet even after
